## **Halts, Call forward or Pause.**

Where the description of the exercise calls for a halt, a call forward or a pause, the handler must come to a stop or pause momentarily by bringing both feet together, before then continuing. Any extra movement of the feet may be faulted, and a failure to perform a pause is a failure of the exercise.

This includes the following signs,

All call front and halt signs,

27. Moving Down.

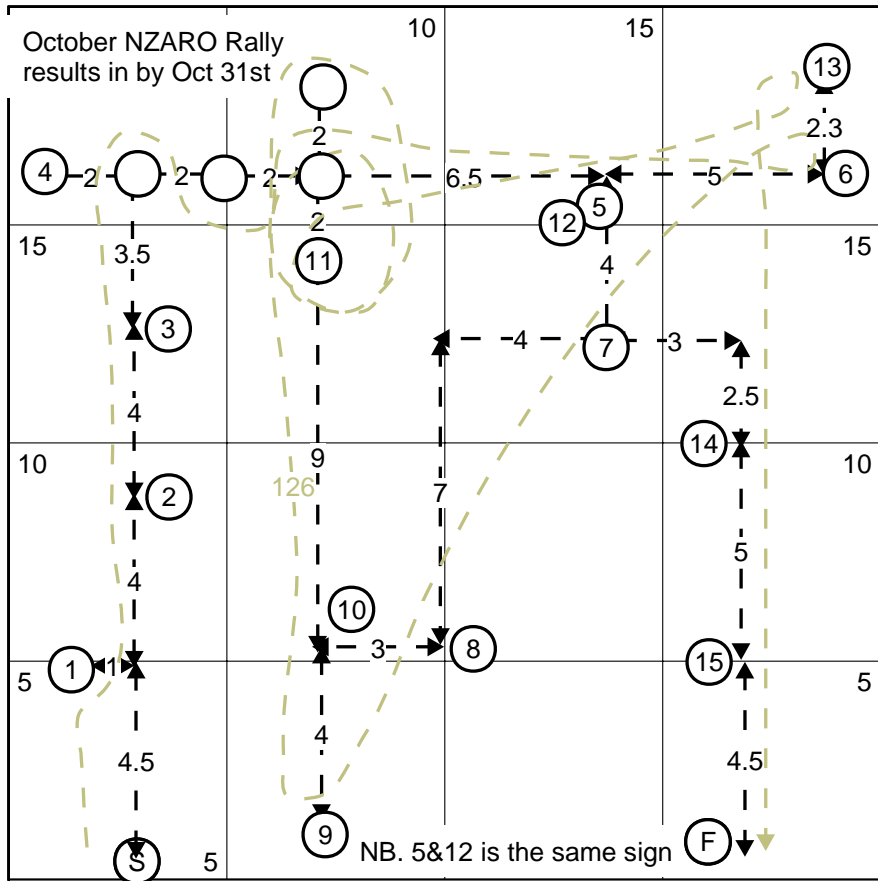

30. HALT – Walk Around Dog.

31. HALT – Down – Walk Around Dog.

36. HALT – Stand – Walk Around Dog.

Note that the moving side step does not have a halt or pause, so the feet should not come together.

20. **Moving Side Step Right.** While heeling, the handler takes one step diagonally to the right and continues moving forward along the newly established line. The dog maintains heel position. The exercise may be performed just past the exercise sign.
